# Introducing your new repairs contractor - Laker BMS Ltd

Laker BMS Ltd are delighted to introduce ourselves as Stockfield Community Association's new maintenance and gas contractor. We are a family owned and run company with over 40 years' worth of experience delivering these services in residential properties across the West Midlands, particularly in Birmingham where we are based. As such our size, location, and approach means we can really add a personal touch to our service delivery. We know we have a lot to live up to, but we also hope that we can demonstrate that we will do what we say.

We will be attending the Annual Fun Day so feel free to come along and say hi to us - we will be wearing navy blue Laker T-shirts!

We are looking forward to working with you, helping to maintain and improve your homes and local community.
